Dr. Julius Ogato
Chief Executive Officer
Mathari National Teaching and Referral Hospital.

Dear Sir,

RE: REQUEST FOR MENTAL HEALTH DATA FOR CONFIRMATORY FACTOR ANALYSIS (CFA)

We, the research team from University of Nairobi, are writing to request access to mental health data for the purpose of conducting a confirmatory factor analysis (CFA). As we understand, Mathari National Teaching and Referral Hospital is one of the leading institutions in the region in providing mental health services and conducting research on mental health-related issues.

Our team is comprised of five individuals, each of whom brings a unique skill set to the project. Our goal is to use CFA to explore the underlying factors that contribute to mental health disorders in a particular population. By identifying these factors, we hope to develop more effective interventions and treatments for individuals struggling with mental health issues.

We would appreciate it if you could grant us access to the relevant data sets, including any necessary documentation or materials needed to carry out our analysis. We guarantee that the data will be used solely for research purposes, and that all information will be kept confidential in accordance with ethical guidelines.

We understand that access to data may be subject to certain conditions and protocols, and we would be happy to comply with any requirements necessary to ensure the security and integrity of the data. We would also be happy to discuss any potential collaborations or partnerships that could arise from our research.

We believe that our research has the potential to make a significant impact in the field of mental health, and we are eager to collaborate with Mathari National Teaching and Referral Hospital to achieve this goal.

We appreciate your time and consideration and look forward to hearing from you soon.

Sincerely,

Wambua Charles	I63/4248/2019
Odhiambo Kennedy	I63/4282/2019
Nyaenya Dominic	I63/4261/2019
